

Woburn Fire Department Selects ALL-COMM to Enhance Emergency Communications Reliability

Revere, MA, January 5, 2022 – ALL-COMM Technologies, Inc. today announced that City of Woburn, Massachusetts has selected ALL-COMM to supply and install Zetron’s [MAX Dispatch](#) and [MAX Fire Station Alerting](#) for the City of Woburn Fire Department.

This will provide the Woburn Fire Department with the latest in radio dispatch and fire station alerting utilizing Zetron’s MAX Solutions with its robust feature set.

“We are excited to work with the Woburn Fire Department on this project and provide them with a strong, dependable radio communications dispatch and fire station alerting system utilizing the bulletproof Zetron MAX platform of equipment,” says Delvis Javier, Principal and Senior Technologist at ALL-COMM.

The Woburn Fire Department is the most recent of the many New England area departments to choose Zetron’s MAX Solutions family of public safety products and the latest of over 25 installations for ALL-COMM Technologies, Inc.

About All-Comm Technologies, Inc.
